I also understand that the potential side effects form Spravato nasal treatment may include: Nasal discomfort, Throat irritation, feeling drunk, Dry mouth, Hyperhidrosis, Euphoric mood, Dysarthria, Tremor, Oropharyngeal pain, Mental impairment, Constipation, Pollakiuria, feeling abnormal, and Tachycardia.
- I agree to remain abstinent from any illegal drugs, alcohol, and controlled medications that I am not prescribed. If I cannot remain abstinent from these substances, I agree to inform the office prior to my treatment session, as this could jeopardize my safety and affect my ability to continue treatment.
- I understand that I may not drive or operate machinery for at least 24 hours after my nasal treatment is completed, and that I will only be discharged to the care of a responsible adult.
- I understand that good results are expected but not guaranteed. My depression may not improve with Sprayato treatment even if I follow the complete treatment protocol.
- I understand that to achieve the desired results that a series of nasal treatments are needed, and it is my full intent to complete the course of treatment.
- I understand that Spravato nasal treatment is not a substitute for continued behavioral medicine treatment. My psychiatrist or family doctor will determine if any oral medications or other treatments may be stopped if my depression improves.
- I have been explained thoroughly about the use of Spravato for Treatment-Resistant depression and have had the opportunity to ask all the relevant questions I felt necessary. I am confirming that I have received and reviewed the pre-treatment instructions, post treatment instructions and that I can fully comply.
- I voluntarily request Zen Psychiatric Services, PLLC to administer SPRAVATO for the treatment of my condition.
- I understand that I can revoke this consent at any time including during the 12 week treatment period. I further understand that if this consent is revoked during a treatment session and after I have received Spravato medication, I will voluntarily agree to stay the required two (2) hour observation period.
- I understand that SPRAVATO nasal spray is indicated and FDA approved, in conjunction with an oral antidepressant, for the treatment of treatment-resistant depression in adults.
- I fully consent and agree to Zen Psychiatric Services, PLLC bill my insurance company for services rendered. I am aware that I bear full financial responsibility for monies not received by Zen Psychiatric Services, PLLC from my insurance company.

Right to Revoke or Cancel an Authorization

You can sign an Authorization to give us permission to share your information with others, such as with your employer or a life insurance company. You can revoke (cancel) that permission at any time by going to the HIM website and submitting the Revocation of Authorization for Release of Information form. Once we have processed your revocation, we will no longer use or share your health information under the revoked Authorization. We cannot, however, take back information we have already shared.

Other State and Federal Laws Some state and federal laws require additional privacy protections for certain health information. For example, some states give unemancipated minors the legal right to consent to certain types of care and protects the privacy of those encounters, with specific exceptions. Other examples include:

How Your Information Is Used and Shared for Treatment We may use and share your health information to provide, coordinate, or manage your health care and related services, both with our own providers and with others involved in your care. Different personnel may also share your health information to coordinate the different things you need, such as prescriptions, lab work and X-rays. For example, a doctor treating you for a broken leg may need to know if you have diabetes so she can treat you properly and work with our dietitian so you can have low sugar meals. Our case manager will need to know about your diabetes so he can connect with other agencies to get you access to the proper resources after discharge. We may also share your information with a health registry so we can access information that may help us identify a different way to treat you. We may share and receive your health information from other providers, including within our system, to treat you.

Communicating With You We may use and share health information to contact you about treatment, care, or payment. For example, we may use your cell phone and email information to send you appointment reminders. We may also reach out to you for feedback about a recent visit or to see if you are feeling better. Unless you tell us otherwise, you agree we can send you reminders via phone calls, emails, text messages, or other means based on the information you have on file with us. If you send us unencrypted emails or texts, you understand there are security risks in doing so and you accept those risks.

For Payment We may use and share your health information with others to bill and collect payment for the services we provide to you, such as with billing departments, insurance companies, health plans and their agents, and consumer reporting agencies. We may also contact payors before you receive scheduled services, such as for preapproval from your health plan or to confirm you qualify for coverage.

Treatment Alternatives We may use and share your health information to tell you about possible treatment options or alternatives that may be of interest. Note you are responsible for reviewing any additional terms of use may apply to apps or other tools that you use.

Business Associates Sometimes, we hire other people and companies known as business associates to help us perform services and manage operations. We may need to share your health information with these business associates so that they can perform their job for us. For example, we may hire healthcare monitoring companies, collection agencies, or medical directors. We require them to protect your health information and keep it confidential.

Individuals Involved in Your Care or

Payment We may share your health information with a family member, personal representative, friend or other person you identify or who is involved in your care or payment. For example, if you bring a sibling to your appointment or have a friend pick you up from a procedure and you do not object to them hearing your medical information, then we can share relevant information with them. We could also tell your family how to care for you at home or share billing information if they are helping with your bills or covering your services. We may also share information to notify people involved in your care about your location, general condition or death. If you are unable to make decisions for yourself or it is an emergency, we will use our professional judgment to decide if it is in your best interest to share your health information with those involved in your care.

Authorization for Other Uses of Health Information Before we use or share your health information in a manner not covered by this Notice or required or permitted by applicable laws, we will ask for your written permission. For example, we will ask for your written permission to use or share psychotherapy notes, to use your health information for marketing purposes, or to share your information in a way that constitutes sale of health information. Note that we can remove or aggregate identifiers, so the information becomes anonymous and then use or share it without written permission.

Right to a Copy of Your Health Records You can ask for a copy of all or part of your medical record, though certain exceptions may apply. For example, if your doctor decides something in your record might endanger you or someone else, your request may be denied in whole or in part. To request a copy of your record, go to the HIM website and submit the Patient Request for Access form. In most cases, you will receive the information within 30 days of when we receive your request, unless we let you know we need another 30 days, such as if the are in storage.

Special Situations In certain situations, we may use or share your health information without your permission or without giving you a chance to object, including:

When Required by Law, such as to report gunshot wounds, communicable diseases, child abuse, or to make certain reports to state or federal agencies.

For Public Health Activities, such as to prevent or control disease, injury, or disability; report reactions or problems with medical products; report births or deaths; work with the CDC.

For Health Oversight Activities, such as to the state health regulators or the Center for Medicare/Medicaid Services.

For a Legal Proceeding, such as in response a court order, a warrant, or a legal proceeding.

To Law Enforcement and Correctional Institutions, such as in the event of certain crimes, missing persons, or other situations involving law enforcement or prisoners.

To Avoid a Serious Threat to Health or Safety, such as if there is an imminent danger to someone or the public.

For Medical Research, such as for studies that have been approved by special institutional review boards; we will follow the relevant research regulations to protect your information.

For Workers' Compensation, such as to an employer under state law.

Your Rights Regarding Your Health Information You have certain rights regarding the health information we maintain about you, which are outlined below. Our Health Information Management Department (HIM) oversees many of these rights. If you have any questions, please call HIM at 828-608-0892 and they will be happy to help you.

Zen Psychiatric Services, PLLC complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex.

This notice describes how medical information about you may be used and shared and how you can get access to that information. Please review it carefully.

Protecting Your Privacy Zen Psychiatric Services, PLLC is committed to improving health, elevating hope, and advancing healing for all. To do so, we need to use and share your information among ourselves, with our vendors, and with providers and agencies involved with your care. We understand that health information is personal, and we are committed to protecting your privacy. This Notice outlines how we protect your information and your rights under the Health Insurance Portability and Accountability Act ("HIPAA"). We are required by law to: · *Maintain the privacy of your health information as outlined in this Notice

*Provide you with notice of our legal duties and

privacy practices related to your health information

*Follow the terms of the Notice currently in effect

Right to A Paper Copy of This Notice You have the right to a paper copy of this Notice upon request. You may also obtain a copy of this Notice at any time from our website, unchealthblueridge.org, or from the location where you obtained treatment

Right to Request Changes to Your Health Information You can ask to change or add information to your health record that you think is wrong or incomplete. For example, you may remember telling the doctor that you fell riding your bike, but the record says you tripped over your dog. To request an amendment, call 828-608-0892 to request and submit the Health Information Amendment form. Your provider has the right to decide whether to accept or deny your request in whole or in part. We will let you know the decision within 60 days, though we may let you know if we need another 30 days and why. Regardless of the decision, your amendment request will be noted in your record, as well as your disagreement letter if you choose to send one.

Who Follows This Notice Our Notice of Privacy Practices applies to entities that are owned or controlled by Zen Psychiatric Services, PLLC, personnel who are employed by, contracted by, train with, volunteer or authorized to use or access protected health information.

Information You have the right to ask that we limit how we use or share your information for

Request Restrictions on Sharing Your

treatment, payment or health care operations. You can also ask us to limit sharing information with others involved in your care, such as a family member or friend. To request a restriction communication, please call 828-608-0892 and ask for the Request for Restrictions on Use and Disclosure of Information form. Note that we are not required to agree to your request, except as stated below. If we do agree to the restriction, it goes into effect when we notify you and even then, it may not be followed in some situations, such as emergencies or when required by law. If you restrict us from sharing information with your health plan by paying for the visit in full as selfpay, we will not share your information (note this does not affect our ability to share your information for treatment).

Request That We Change How We Contact

You You can make reasonable requests to be contacted at different places or in different ways. For example, you may ask that we call you on your cell phone instead of your home number or that we send results to your office instead of your home. To request confidential communications, call 828-608-0892 to obtain the Request for Confidential or Alternative Means of Communication form. You are not required to tell us the reason for your request. We will accommodate all reasonable requests, but your request must specify how or where you wish to be contacted.

Request an Accounting of Disclosures You have the right to ask for a list of those we've shared your information over the last 2 years. Note the list will not include disclosures made to those involved in treatment, payment, or for health care operations, or certain other disclosures, such as those authorized by you. To request an accounting of disclosures, call 828-608-0892 and ask for the Request for Accounting form. You must include the time frame for the request. You can get one accounting of disclosures at no charge every 12 months; after that, there may be a fee. In most cases, we will send the accounting of disclosures within 60 days. If we need an extra 30 days, we will let you know.

Right to Be Notified of a Breach You have the right to be notified if your health information is acquired, used, or shared in a manner not permitted under law which results in more than a low risk of compromise to the security or privacy of your health information.

Changes to this Notice of Privacy Practices

We reserve the right to change and update this Notice. The revised Notice will be effective for health information we already have about you, as well as for any health information we create or receive in the future. The effective date is listed on the first page of the Notice, and we will post the current copy at the front desk.

Complaints and Contacts If you believe we impermissibly shared or used your information or that your rights were denied under HIPAA, you can file a complaint with Zen Psychiatric Services, PLLC by calling our main number at (828) 608-0892 and ask to speak with the Privacy Department. You can file a complaint with the Secretary of the Department of Health and Human Services by going to hhs.gov/hipaa. You will not be punished for filing a complaint.

For Health Care Operations We may use and share your health information to carry out business activities that help us operate our health system, improve the quality and cost of patient care, and conduct other health care operations. For example, we may look at patient information to evaluate the performance of our staff, plan new services, identify new locations for services, or send you a survey about your experience. We may also use patient information to train personnel and students, respond to governmental agencies, support our licensing, analyze data, and for legal and other purposes. We can also share your information with other providers who have a relationship with you for their own health care operations.

Acknowledgment of Receipt of Notice of Privacy Practices

Zen Psychiatric Services, PLLC is providing you a copy of our Notices of Privacy Practices. The notice provides information about your rights as a patient of our practice and whom you may contact at our office to ask questions about our privacy practices. No Show/Late Cancellation Policy

This policy has been established to help us serve you better.

It is necessary for us to make appointments in order to see our patients as efficiently as possible. No-shows and late-cancellations cause problems that go beyond a financial impact on our practice. When an appointment is made, it takes an available time slot away from another patient. No-shows and late-cancellations delay the delivery of healthcare to other patients.

A "no-show" is missing a scheduled appointment. A "late-cancellation" is canceling an appointment without calling us to cancel within 24 hours of an office appointment or 72 hours in advance of a procedure.

We understand that situations such as medical emergencies occasionally arise. These situations will be considered on a case by case basis.

A charge of \$30.00 will be assessed for each no show or late cancellation office visit appointment if less than 24 hours notice is given.

Please understand that insurance companies consider this charge to be entirely the patient's responsibility.

To cancel or reschedule an appointment please call Zen Psychiatric Services, PLLC 828-608-0892. This policy is in effect to ensure that all of our patients have the opportunity to be seen in a timely manner.

It is my understanding that my credit card on file will be charged \$30.00 for each no show or late cancellation appointment. If no credit card is on file, I agree to be billed for the no show or late cancellation appointment. I am also aware that three no show or late cancellation events may constitute dismissal from this clinic.
